Enterprise grade troubleshooting for your critical applications

Improve your employee user experience

No compromise on security

Contact your account team or email ccsuk@external.cisco.com for more information

Prices from £30 per user per month.

Components	What it gives you
Duo	Multi-factor Authentication (MFA) through the cloud. Compliant with NCSC MFA guidance.
Meraki Z3	Unified management of mobile devices, Macs, PCs, and the entire network from a centralized dashboard.
Meraki Insight	Monitor all of your critical business cloud applications from Webex, to Office365, Azure and AWS. Gain real time troubleshooting insights into how these applications are performing whether that be a LAN, WAN or Application Server issue. Remote time to resolution is reduced from days to minutes.
